DETAILED ACTION

1. Claims 9-33 and 89-138 have been examined.

Drawings

2. This application has been filed with informal drawings which are acceptable for examination purposes only. Formal drawings will be required when the application is allowed.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

<u>Claims 9-33 and 89-138</u> are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 9-33 and 89-138: these claims fails to recite limitation (s) to accomplish the objective set forth in the preamble. For example, claim 9 recites "a method of conductingan online auction...between a buyer and a plurality of potential sellers..". There is limitation in the claimed inventions which indicates that the auction process is conducted between a buyer and a plurality of potential sellers as no limitation recites transfer of auctioned goods (a plurality of lots) from one or more sellers to the buyer.
